Training Opportunities in Integrative Organ Systems Sciences

Summer Short Courses 2007

Each Short Course is designed to introduce graduate students and Ph.D.s to the knowledge and skills needed for integrative studies of organ systems and intact animals, and the physiological and biochemical responses of these systems to drugs.

Offered at the following institutions:
* Michigan State University
* University of California at San Diego
* University of Nebraska Medical Center
* University of North Carolina at Chapel Hill

Sign up for a summer short course and learn the critical skills that are in high demand in today’s academic and industrial settings.

Why Publish with ASPET?

Because ASPET gives you these advantages:

- **Low Page Charges** — $35/page for ASPET members, $70/page for nonmembers (publishing one paper can save the $125 membership dues)

- **Low Color Fees** — $200/color figure for ASPET members, $400/color figure for nonmembers

- **Online Manuscript Submission** — submit your manuscript 24/7 — whenever it suits your schedule; online peer review reduces review times; track the progress of your manuscript through the review process

- **Publish Online Ahead of Print** — manuscripts are published online shortly after acceptance — at least two months prior to print publication

- **Wide Dissemination** — accepted manuscripts are freely accessible immediately; fully formatted articles are freely accessible 12 months after publication; low-cost pay-per-view option for nonsubscribers; abstracts and tables of contents always freely accessible

Visit [www.aspetjournals.org](http://www.aspetjournals.org) to access each ASPET journal.

ASPET Journals — Widely Read, Highly Respected
Access
Drug Metabolism and Disposition
beginning with volume 1, issue 1

Drug Metabolism and Disposition starting with volume 1, issue 1 is now online. All pre-1997 articles are available as PDF files. Article titles, authors, and abstracts are fully searchable.

Access to the DMD back issues is included with subscriptions. Nonsubscribers may access these issues using our pay-per-view system. If your institution has a print subscription to DMD, you should have online access as well. Ask your librarian to contact ASPET at info@aspet.org. We’ll help establish access.

ASPET membership includes online access to all five ASPET journals. We’ll gladly help you activate your subscription if you haven’t done so yet. Benefit from the full DMD archive today!

ASPET continues to make articles from 1997 onward freely available 12 months after publication, and Fast Forward articles are freely accessible upon publication.

ASPET will be celebrating its 100th Anniversary in 2008!

Be sure to watch out for all the exciting Centennial Activities planned for 2007 and 2008.

Visit the ASPET website:

www.aspet.org

Planned Activities Include:
- Timeline of Pharmacology
- History of Pharmacology
- Reviews of Key Historical Papers
- Interviews with Influential Pharmacologists
- Plus much more!
Overwhelmed? Consult the ADME Experts for your next in vitro ADME/Tox study.

BD Biosciences offers a number of contract research services, including:
- Metabolite Profiling
- Cytochrome P450 Induction
- Reaction Phenotyping
- Metabolic Stability Screening
- Plasma Protein Binding
- Drug Permeability and Bioavailability
- Drug Solubility Testing
- Cytochrome P450 and UGT Inhibition
- Client-designed Studies
- Transporter Studies (PGP, OATP, and others)

For outstanding quality, fast turnaround, and competitive prices, call the BD Gentest™ Contract Research Services Group at 800.219.7174 x2295 or visit bdbiosciences.com/admetox_services.
