

## Correction to “Gas-Phase Rearrangement of the O-Glucuronide of Vildagliptin Forms Product-Ion Fragments Suggesting Wrongly an N-Glucuronide”

In the above article [Fredenhagen A, Kühnöl J, Kittelmann M and Oberer L (2019) *Drug Metab Dispos* 47 (3) 189-193; DOI: <https://doi.org/10.1124/dmd.118.085597>], due to a compositor error, the image used for Scheme 2 was incorrect. The correct image is provided below. The HTML and PDF versions of the article have been corrected.

The compositor apologizes for the error and any inconvenience caused by it.
